CRIPPLED IN CHICAGO.

Former Mason County Man Run Down by a Cable Car.

Professor T. C. H. Vance of Louisville was struck by a cable car as he was returning from the theater to his hotel in Chicago, and is reported in a serious condition. He is badly cut about the head, and his left shoulder and left foot are broken.

Mr. Vance was crossing State street near Washington when the accident occurred. He was struck by the fender of a Southbound cable car and was thrown to the ground. The gripman immediately slowed up and Mr. Vance was thrown to one side of car, and only by the rarest presence of mind was he able to keep his limbs from under the wheels.

Thinking his victim clear of the car the gripman then went ahead at full speed, but as there was a high bank of snow along the side of the track Mr. Vance was again thrown against the car and was cut and gashed by the rapidly passing train.

Eighty-four stitches were taken in Mr. Vance's face and head by the Doctor.

Mr. Vance was many years ago a well-known schoolteacher in this county.

Constable Mitchell of Washington is able to be out after an attack of grip.

PUGH MAY PULL THE PLUM.

The Congressman Strongly Indorsed For Kentucky Judgeship.

A Washington special to the Courier-Journal says the Democratic members of the Kentucky delegation have indorsed Representative Pugh for the Judgeship of the Eastern District of Kentucky.

Mr. Pugh now has about all the indorsements on paper possible for him to obtain, and with the concurrence of the House in the Senate amendments to the Kentucky Judicial Bill of Kentucky.

Senator Deboe has not yet expressed his choice for the Judgeship, but the friends of Mr. Pugh say that he will make a proper time jump into the Pugh bandwagon.

It is claimed that Senator Deboe has never yet failed to indorse Mr. Pugh or any of Mr. Pugh's friends for any position desired, and that the junior Senator from Kentucky will be brought into line when the time comes.

The Kentucky Judicial Bill of July went into effect until the first day of July.

SENATOR COX.

No Election in the Thirty-first District This Year.

Lexington Evening Post.

A special telegram from Vanceburg stated that a Senator would be elected from the Thirty-first District, composed of Lewis and Mason counties, this year, and that Senator Cox would be re-nominated. The correspondent was in error, as Senator Cox is a hold-over Senator, having been elected November, 1896, to serve four years. Senator Cox has given entire satisfaction to his constituency, having represented the district with credit to himself and his people.

It would be safe to predict that Senator Cox will be re-nominated in 1903 if the Republicans have not in the meantime induced him to become their congressional nominee. No man has more friends in the Ninth District than he.

BASKET BALL.

Series of Games Begun at the Y. M. C. A. Rooms Last Night.

The first game in the Basket Ball tournament was played last night at the Y. M. C. A. Gymnasium. The capacity of the large room was taxed, so that the crowd of spectators made it a little difficult to play. The contesting teams were Captain Slack's "Yankees" and Captain Rapp's "Henies."

When time was called and the line up made it was clearly evident the crowd was with the Yankees, but nothing daunted the Henies played, and with so much spirit and ability as to completely rout the enthusiasm of the competing force. The first half of the game was finely fought and the points of victory went to Captain Rapp's side. A rest of ten minutes was allowed and the battle royal for the game began. In fifteen minutes time was called and the score showed a victory for Captain Slack's side.

The second game was a beautiful one, and the young fellows of Maysville have a pleasure to look forward to the next two months while the tournament is on.

ANOTHER SALOON.

Mrs. Nation, With Her Hatchet Brigade, Demolished the Finest Joint in Topeka.

FIRST PROTECTION BY THE POLICE.

The Proprietors of the Wrecked Concern With the Guards Were Placed Under Arrest.

They Seized a New Stock of Liquors and for a While Did a Good Business by Giving Souvenirs With Drinks.

Topeka, Kan., Feb. 6.—Mrs. Nation Tuesday retrieved Sunday's setback when she and three followers wrought damage to the extent of \$1,500 in the "Senate," the finest-equipped "joint" in Topeka. She did more, she gained the first police protection given her since she started out on her saloon-smashing career at Wichita a month ago. The police followed up her raid of Tuesday and arrested the proprietor of the Senate and the men who were guarding the place. Mrs. Nation was arrested, but promptly released. Mrs. Nation and her wreckers, each armed with a hatchet, sallied forth at daybreak and caught the saloonkeepers napping. They forced their way past a Negro who guarded the door, and in less than ten minutes had strewn the floor with broken mirrors, bottles, slot machines and splintered bar fixtures. The Negro fired a shot of warning into the ceiling, but it had no effect.

Mrs. Nation Arrested. Presently a policeman stalked leisurely into the room and said: "Well, sister, you're a guess we'll have to arrest you again." Mrs. Nation had just smashed the last bottle and was ready to go. "All right," she responded cheerily. "You came just when I wanted you." She turned back as she reached the door and inquired, "Everything cleaned up, ladies?" The police judge was glad to release her when she appeared for trial, and administered a tongue lashing to that official, and Mrs. Nation soon walked proudly down Kansas avenue, free again to smash and preach.

Selling Souvenirs. Michael Wagner, supposed to be the owner of the Senate, was the best of his opportunity and promptly secured a quantity of liquor to supply the crowd that poured into his place to view the wreck after Mrs. Nation had left. It took four waiters to wait on the people in the Senate.

The crowd numbered about 200 and the proprietors took a thrifty advantage of the chance to do beer business by stationing at the door a man who cried loudly, "Souvenirs, souvenirs; a souvenir with each glass of beer." Pieces of the broken glass that Mrs. Nation and her crusaders had left scattered right and left were presented with each glass of beer, and so eager was the crowd for mementoes of Mrs. Nation's work that those who did not drink were glad to pay five cents for a bit of the glass the beer drinkers got for nothing.

Saloon Proprietors Arrested. During the afternoon two deputies from Sheriff Cooke's office raided the place and arrested Wagner, Shop Lytle and two guards, and took charge of the stock of liquors. Warrants had been sworn out only for Wagner and Lytle, but one of the deputies was so angry when he struck him that he arrested both guards.

Later Chief of Police Stahl, in an interview with a reporter, said: "I do not care if Mrs. Nation smashes every joint in Topeka. I sympathize with her. I hope she will close up the saloons of the city. As an officer of the law, though, it is my duty to arrest her every time she creates a disturbance or destroys property."

Plots to Hurt the Saloon Smasher. "If we had the right kind of officers it would not be necessary for Mrs. Nation to do what she is doing." There is a great deal of talk of plots to hurt Mrs. Nation. It was learned Tuesday that certain men have charged thick glass bottles with tremendous pressure, so that an explosion will follow their being broken. She is so not at all disturbed by these stories.

Mrs. Nation was arrested Tuesday night on a warrant sworn out in the city court by Kelly and Lytle, who owned the Senate saloon. She is charged with malicious destruction of property. Her bond was placed at \$1000 and she was released till Saturday, at which time her trial will take place.

Fights Over Mrs. Nation's Action. A. Hadley, physical director of the Y. M. C. A., fought Tuesday afternoon about Mrs. Nation. A Negro named Jackson was in a crowd reading the bulletins in front of a newspaper office. He said he wished Mrs. Nation had been killed. The Negro was large and heavy, and Hadley is a small man. He is quick and wiry, however, and was punching the Negro badly when a policeman arrested both for fighting. Numerous

fighters took place over the same topic. Kansas avenue, the principal street of this city, has been filled all day with excited little groups discussing the situation.

MRS. NATION NOT WANTED.

Sloux City Council Passed a Resolution Declaring That Her Work Will Not Be Tolerated.

Sloux City, Ia., Feb. 6.—The city council Tuesday night unanimously passed a strong resolution declaring that if Mrs. Nation comes to Sloux City, as it has been announced her intention, none of her saloon-smashing work will be tolerated, but that she will be arrested and punished.

The resolution is worded in dignified language, and throughout refers to Mrs. Nation's alleged intended acts as "illegal."

The W. C. T. U. of Sloux City is divided as to the reception she should receive here, as some of the members declaring in emphatic language that her work would be encouraged.

HENRY YOUTSEY SENTENCED.

Will Be Confined at Hard Labor in the Penitentiary for the Period of His Natural Life.

Frankfort, Ky., Feb. 6.—Henry E. Youtsey was sentenced by Judge Cantrill Tuesday afternoon and Wednesday will be brought here and enter upon his term of life imprisonment. The fact that his attorneys did not ask for a new trial or take an appeal has confirmed in their opinion those persons who believed Youtsey to be the man who fired the shot and in others it has aroused a suspicion that sooner or later he will tell all and run his chances of getting executive clemency.

Youtsey was pulled out when he stood up to receive the sentence of the court. His wife sat near by and heard the stern sentence of the law condemning her husband to the penitentiary for life, but bore up under the ordeal bravely.

Declared His Innocence. "Mr. Youtsey, stand up," said the judge. "I am going to ask you to declare your innocence." Cantrill outlined the progress of the case from the time of the indictment until the returning of the verdict.

"Now," continued the judge, "have you any reason why your sentence should not be pronounced upon you?" Youtsey shifted his position ever so slightly and cleared his throat. "I am innocent," he said, "and I am innocent, and the other rested upon the table. The court-room was perfectly quiet. In a low, but audible tone Youtsey spoke these words: "I have nothing to say, and I am innocent and that my conviction was accomplished only by base and infamous subornation of perjury."

Sentence Pronounced. Then he quietly sat down. For a moment no one spoke.

"That was a subject which should have addressed itself to the jury which convicted you," answered the judge. "It is the judgment of this court that you be removed by the sheriff of Scott county to the state penitentiary at Frankfort and there confined at hard labor for the period of your natural life."

The case of Barbour Weaver, accused of perjury in the Powers case, was commenced Wednesday.

THE QUEEN'S WILL.

It is Rumored That the Bulk of Her Private Fortune Is to Go to King Edward VII.

London, Feb. 6.—The latest rumor regarding Queen Victoria's will is that it bequeaths £140,000 each to the duke of Connaught, Prince Christian of Schleswig-Holstein, Princess Louise and Princess Beatrice, and includes liberal legacies for the widows of Albany and a number of the late queen's grandchildren. The bulk of her private fortune, however, goes to King Edward, and both Balmoral and Osborne house are given to the king. Two small houses on the Osborne estate are given to Princess Beatrice.

THE ST. LOUIS FAIR.

Louisiana Purchase Exposition Committee Makes a Favorable Report on the Bill.

TO BEGIN THE FIRST DAY OF MAY, 1893.

A Non-Partisan Commission of Nine Persons is to Be Appointed Within Thirty Days.

The Measure Provides for a Government Exhibit—The Sum of \$200,000 is Provided for the Construction of Buildings.

Washington, Feb. 6.—The Louisiana Purchase Exposition committee having been satisfied that St. Louis has the \$100,000,000 for the purpose of having the exposition held in that city, not Tuesday and perfected the bill and by a vote of 2 to 1 ordered it reported favorably.

Two democrats, Mr. William (Miss) and Mr. Otis (Va.), voted against the bill. They have not decided whether or not they will file a minority report, and it was decided to give them two days in which to reach the decision.

The salient features of the bill as finally agreed upon by the committee follows: The exposition is to be an exhibit of the arts, industries and manufactures and products of the soil, mines, forests and seas. The president is authorized to make proclamation of the same.

The Commissioners' Salaries. Provision is made for the appointment of a non-partisan commission of nine persons, to be known as the Louisiana Purchase Exposition Commission, to be appointed within 30 days after the passage of the act, and to be convened for organization within 30 days after appointment.

Members of the commission are to receive a salary of \$5,000 per annum. A secretary at \$5,000 a year is provided for, and the commission is to be allowed \$100,000 a year for general expenses. In order to avoid controversies as to the jurisdiction of the commission of the exposition company, which were frequent and embarrassing during the progress of the Columbian exposition at Chicago, the bill provides for a board of arbitration consisting of five members.

Dedication of Building. The national commission is to provide for the dedication of the buildings of the expositions not later than April 30, 1903, and to designate the date at which the exposition shall be open to visitors, which is to be not later than May 1, also to fix the date of closing, which is to be not later than December 1, 1903.

The bill also provides for a complete government exhibit from the executive departments, the Smithsonian institute, the national museum, the fish commission, the department of labor and the bureau of American republics.

The sum of \$250,000 is provided for the construction of such building or buildings as may be necessary to install the government exhibits.

An Appropriation of \$5,000,000. To aid in carrying forward the exposition the bill appropriates \$5,000,000, to be disbursed under the direction of the Louisiana Purchase Exposition Co., subject to rules and regulations to be prescribed by the secretary of the treasury. This appropriation is subject to the condition that it shall not be expended until the sum of \$10,000,000 raised by a subscription of \$5,000,000 of capital stock and an issue of \$5,000,000 bonds by the city of St. Louis shall have been expended for on account of the exposition. It is stipulated in the bill that the government shall share in any refunding proportionately to the aid it gave, but this provision it is expressly stated shall not be taken nor construed to give the United States a right to share in the proceeds of the exposition beyond the actual amount appropriated to aid in carrying it forward.

Police Captain in Jail. Louisville, Ky., Feb. 6.—Police Capt. John Schneider was Tuesday sent to jail by Judge Toney because of his failure to pay to James McGill a judgment of \$4,000 rendered against Schneider. Paris, Feb. 6.—A severe storm is prevailing along the north coast. Three small wrecks have occurred off Cherbourg, but no loss of life has been reported.

THE ARLINGTON TRAGEDY.

Months Kept Her Secret Hid for Woman Lost the Husband Killed the Minister.

New York, Feb. 6.—Another and startling turn was given to the Arlington (N. J.) shooting mystery Tuesday afternoon by the statement of counsel for Thomas G. Barker, who shot Rev. John Keller on Sunday morning.

It was asserted that Barker learned of the alleged assault of the clergyman on his wife not through the confession of Mrs. Barker, but through a third person, a woman to whom the wife had confided her wrongs.

"I shall acquit our client without trouble, and he may also prosecute the clergyman," said Marshall Van Winkle, of counsel for Barker.

"Any talk about Mrs. Barker's being a victim of the husband's is all nonsense," said the lawyer. "Such a claim has been set forward by the friends of Rev. Keller. Her present condition is brought about by the awful secret she carried for months, until, in fact, she could keep it no longer and told a woman friend. She dare not tell her husband, for she knew that if she did he would kill the minister at once."

A MYSTERY.

Woman Dying From a Dose of Carbolic Acid—Child Dead and Another Unconscious.

Philadelphia, Feb. 6.—Mrs. Bertha Fox, aged 26 years, residing near Fox Chase, a suburb of this city, was found in her house Tuesday morning in agony from the effects of a dose of carbolic acid, while in a crib near by lay the body of her 2-year-old child, who had been killed. The mother was found beside her by her husband John, aged 4 years, unconscious from the same cause. The woman's husband, John Fox, was discovered in bed in a drunken sleep. He was arrested, but was unable to give the coroner or police officials any information concerning the affairs. Mrs. Fox and her son were removed to a hospital in this city, where their condition is regarded as critical. The only statement made by the woman was that she was sorry she was alive. It is believed that Mrs. Fox administered the poison.

After leaving little mishaps out from Maysville, he capped the climax just after leaving this place for Carmel. With the help of the boys he got straightened out for Carmel, but it was soon noticed that he did not go straight very far, and the result was the "bus" tumbled over on the fence and split the most of his load over into the field; but, luckily for him, he was not out of hearing of the boys, who hurriedly went to his rescue, and soon had the "bus" on wheels and re-loaded, well perfumed from broken eggs and bottles, and with the help of another driver resumed his journey.

LED WITH CLEAR

And Other Itching Burning Scaly Eruptions with Loss of Hair

Speedy Cure Treatment \$1.25

Bathe the affected parts with Hot Water and Cuticura Soap (25c.), to cleanse the surface of crusts and scales and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment (50c.), freely, to all itching, irritation and inflammation and soothe and heal, and, lastly, take Cuticura Resolvent (50c.) to cool and cleanse the blood. A single set (price, \$1.25) is often sufficient to cure the most torturing, disfiguring and humiliating skin, scalp and blood humors, with loss of hair, when all else fails.

This sweet and wholesome treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning, and scaly humors of the skin, scalp, and blood, and points to a speedy, permanent, and economical cure when other remedies fail.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalp disease; the facial eruptions, pimples and rheum; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter, and salt rheum—all demand a remedy of almost superhuman virtues, to successfully cope with them. That Cuticura remedies are such is proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedily and permanently cure, the absolute safety and great economy, have made them the standard skin cures and humor remedies of the civilized world.

Millions of Women Use Cuticura Soap

Assisted by CUTICURA OINTMENT, for beautifying the skin, for the stopping of falling hair, for softening and whitening red, rough hands, for baby rashes and itches, in the form of baths for annoying irritations, for too free or offensive perspiration, in the form of washes for sensitive weaknesses, for many sanitary antiseptic purposes, and for all the purposes of the toilet, bath and nursery, CUTICURA Soap is ONE SOAP OF ONE PRICE, 25 CENTS, the BEST skin and complexion soap and the BEST toilet and baby soap in the world.

Seventy-five per cent. of all the furs worn in the world are of American product. The only ones of importance which are found in Europe are Russian sable, ermine, silver fox, and mink. Persian lamb comes, as its name indicates, from the Orient, as do also the astrakhan. No furs are obtained in England, France, or Switzerland. A few lion manes and coyote tails (the English name for rabbits) are obtained in Germany. Seal, Hudson Bay sable, otter, mink, beaver, fisher, lynx, every kind of fox, and bear and wolverine are all at their best in America.

Recent of *Glennville* for *Cuticura* that *Contains Mercury*.

As mercury will surely destroy the sense of smell and completely derange the whole system when once it reaches the mucous surfaces, such articles should never be used except on prescription from a physician. It is better to bear the expense of a good remedy than to incur the cost of a bad one. They will do you no good if you can not get rid of them. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and it is made in Hall's Pharmacy, 217 J. Cheney & Co., Testimonials free.

Buy by Druggists, price 50c. per bottle. Hall's Family Pills are the best.

A Counseling Answer.
"I hobbled into Mr. Blackman's drugstore one evening," says Wesley Nelson of Hamilton, Va., "and he asked me to try Chamberlain's Pain-Expeller. I told him I had suffered for a long time. I told him I had no faith in any medicine as they were failed. He said, 'Well, Chamberlain's Pain Expeller does not hurt you, you need not pay for it.' I took a bottle of it home and used it according to the directions and in five weeks I was cured, and have not since been troubled with my rheumatism." Sold by J. W. Wood & Son, Druggists.
